READ WHO SAYS SO.

From Rev. W. D. Seigfried, Pastor of Twelfth Baptist Church, Philadelphia.

GENTLEMEN:—I was for a long time laboring under the ill dressing effects of indigestion, accompanied by a severe cough. Numerous remedies were recommended by friends, and some of them tested, but without relief. Your Hoofland's German Bitters were recommended by persons who had tried them, and whose favorable opinion of those Bitters induced me to try them. I must confess that I had an aversion to Patent Medicines from the thousand and one quack Bitters, whose only aim seems to be to palm off a sweetened and drugged mixture upon the community in a sly way, and the detriment of whom, I fear, is in excess of their benefit to mankind. Upon learning that yours was really a medicinal preparation I took it with many misgivings. In a short time, however, it produced a marked change in my health, and in a short time restored me to perfect health. I feel that I have derived great and permanent benefit from the use of a few bottles.

From the Rev. E. D. Fendall, Assistant Editor Christian Chronicle, Philadelphia.

I have deemed decided benefit from the use of Hoofland's German Bitters, and feel no hesitancy in recommending it to the afflicted, to all whom are suffering from general debility or from diseases arising from a disordered liver. Yours truly,

E. D. FENDALL.

From Rev. J. Berrige, Pastor of the Pascyunk Baptist Church, Philadelphia.

From the many recommendations given to Dr. Hoofland's German Bitters, I was induced to give them a trial. After using several bottles I found them to be a great remedy for debility, and a most excellent tonic for the weak and nervous.

N

From Rev. Wm. Smith, formerly Pastor of the Uniontown and Monroe (N. J.) Baptist Churches.

Having used in my family a number of bottles of your Hoofland's German Bitters, I have to say that I regard them as an excellent medicine, speedily relieving from ill health. Several of my friends are recommended them to me as being highly beneficial in the restoration of health.

FOR SALE--COUNTRY

FOR SALE--2,000 ACRES OF VALUABLE LAND--I offer a large tract of Land for sale in one body, or in subdivisions from one to one hundred acres, lying in Hardin county, on Rough Creek, including a large spring known as Fonta-ne-cook. That is no mistake in the spelling, as it was so named by the Indians. Rough Creek, John Hinkley, is the nearest P. O. It flows a fountain of water sufficient for a large city, at all seasons, as dry and as pure as water can be. There is a never failing stream of clear, cold water that forms a beautiful situation for a home. Of the land, 1,000 acres there are coal. Timber is not valuable. There is two miles of creek bottom of rich alluvial land, the balance being supplied by springs, runs through the driest season. There are a number of springs, and each part of the land is better than a well between 40 and 50 feet deep. I have land for sale in different localities, and can suit purchasers to the grain crops, timber and meadow, with an abundance or as fine timber for fencing purposes and fuel as can be found anywhere. The land on which I now live from Louisville can be reached in the direction of the Louisville and Nashville railroad, and the best road is by the Nashville road. A county and State road passes through the center of the land, and the eighth mile stone from Louisville is on the road. A county and State road leads from Rough Creek to Elizabethtown, and the eighth mile stone from Louisville is on the road. A county and State road leads from Rough Creek to Hardinsburg, and the eighth mile stone from Louisville is on the road. Any one wishing to purchase land for a large farm, or for a small farm, or for a garden, can be suited. Any one wishing to purchase land for speculation can be suited. As I have owned the land for a number of years, I am prepared to give a perfect title. Any one wishing to purchase land can call on me at my residence, or can address me at Louisville, Ky., and I will write them a letter in the supreme confidence that I will not misrepresent anything

NEW YORK, Feb. 8.

The counsel for Poisher, recently convicted in the murder of Sidney Ober in Brooklyn, has given notice of his intention to move for a new trial of the case on the ground that testimony sufficient to exculpate the prisoner can be produced.

The Herald's Washington special says that the fact is published that, in response to one offer, Grant's cards of invitation to the recent reception, Gen Butler addressed a very curt note of declination, saying he could not wished to hold personal intercourse with the Lieutenant General in any friendly, and must decline the present or any future proffer in that direction. Gen. Grant, good naturedly, desired the note soon as read, determined, if it ever appeared in print, to know positively that it was furnished by the Gen. Butler himself. Cherishing no personal ill-will toward Gen. Butler, he invited him, among other celebrities, and he is glad to so doing he placed himself right on the record.

The Tribune's Washington special says: A merry large crowd was at the White House yesterday, awaiting executive audience. Four delegations were in attendance—one of twenty-five from Montana Territory, urging the necessities of that Territory in regard to public roads, and bringing with them specimens of auriferous wealth.

The colored delegation occupied nearly an hour, but at 1 o'clock the superintendents of public schools, now holding a convention in the city, were presented by Mr. Northrup, of the Massachusetts Board of Education, the President of the convention. The interview was cordial and pleasant.

The Postoffice Department lately advertised for bids for carrying the mails on 870 routes in Georgia, Mississippi, Louisiana, Alabama and Arkansas. Only six bids were made. As many of them are duplicates and triplicates, it is not probable that half the routes will be let. In some cases the prices asked is higher than it was in 1860, although the number of letters carried will be much less. The South yokes has slowly to supply herself with postal facilities.

The question of the disturbance at Valencia that province is proclaimed in a state of siege. Madrid continues tranquil.

Prince Otho died at Genoa.

WASHINGTON, Feb. 8.

Among the many petitions received by the Treasury Department from persons having cattle in Canada, asking permission to land them in the United States, is one from parties in Cincinnati, who propose to take advantage of the law forbidding the importation of foreign stock, and send to Canada 1,200 head of beef cattle and have them fattened. He asks the Secretary of the Treasury to permit the removal of his cattle, but on account of the existing regulations, his request cannot be complied with.

Dr. Hugh S. Gage, of No. 21 Eighth avenue, New York, has been appointed U. S. pension examining surgeon. Dr. Gage served many years in the army, and was considered one of the most accomplished officers on the medical staff.

NEW YORK, Feb. 8.

The Tribune's special says the First National Bank of Fort Smith, Ark., with a capital of $50,000, and the National Bank of Newbern, N. C., with a capital of $50,000, were to-day authorized to commence business. Two hundred and twenty-two National Banks are now in operation.

A woman named Susannah Abrams was arrested Monday, in Houston street, by Government detectives, who found in her possession $14,000 in 25 cent fractional currency. A lower class of counterfeit currency is now in circulation. U. S. 5-20's 60's, Erie shares, 39½; N.; Illinois Central shares, 96½.

Business in the Bank of England increased £500,000.

The Paris correspondent of the London Times gives a minute account of the circumstances under which the Emperor Napoleon dispatched M. Lebland on a special mission to Mexico. He was hurried to the palace, when the Emperor said he wanted him to set out without delay for Mexico, with a message from him to Maximilian, that he considered that he had now arrived when Maximilian must depend upon his own resources, without the help of the French army.

M. Lebland asked for some credentials, but the Emperor observed that there was no necessity for any document; all he had to do was simply to represent to Maximilian the conversation he had just had and that would suffice. He recognized M. Lebland, moreover, to lose no time in setting out for Mexico, but to depart with the first steamer.

Among the passengers by Messrs. Satterthwaite's steamer, of the evening of the 24th, says: Since our last, the chief features in American securities have been some few large transactions in 20 bonds, and a decrease in Erie shares for shipment to New York. The general public, however, appear to be doing little or no business in these securities.

On the week 5-20's have advanced about ½, closing at 69 to-day, notwithstanding the reported large engagements from New York to this continent.

Illinois Central shares continued neglected at 76 to-day. In Erie shares there have been considerable fluctuations. At one time they were taken as high as 38, but lower quotations by the City of London generally depressed the market, and they closed nearly a lower than last week—at 37½. There is some demand for Virginia 6's, which caused an improvement of one dollar. Atlantic and Great Western were steady.
